352-527-0068

The Florida Department of Health in Citrus County (DOH-Citrus) is reminding residents who have questions regarding their second dose appointments to follow instructions given to them at the time they received their first dose.

Anyone who received their first dose at the DOH-Citrus drive-thru vaccination clinic at Central Ridge District Park has been provided a second dose appointment date and time listed on the back of the COVID-19 Vaccination Record Card. The location of second dose appointments may vary depending on when individuals received their first dose.

Individuals who received their first dose on Saturday, Jan. 23 were provided a second dose appointment date and time listed on the back of the COVID-19 Vaccination Record Card and told to go to Citrus Springs Community Center for their second dose.

Individuals who received their first dose on Saturday, Jan. 30 and thereafter were provided a second dose appointment date and time listed on the back of the COVID-19 Vaccination Record Card and told to come back to Central Ridge District Park for their second dose.

Each individual must bring the COVID-19 Vaccination Record Card they received after getting their first dose, as well as another signed [Department of Health COVID-19 Vaccine Screening and Consent](#), available at www.CitrusCountyHealth.org. There will be consent forms available on site for those who do not have access to the computer, or you can visit any Citrus County library to print the form at no cost. If you do not bring the COVID-19 Vaccination Record Card, you will not be able to receive your second dose from DOH-Citrus.

Please do not arrive more than 15 minutes before your scheduled arrival time. It will result in a longer wait for you and others who are adhering to their times.
